

Questions and Answers

Schools use the **Question and Answers** page to answer commonly asked questions about such items as curriculum, religion, and procedures.

For example:

Teachers find the **Question and Answers** page valuable in providing answers to the same questions that are often asked at the beginning of the school year. Teachers simply refer students and parents to their **Questions and Answers** page. By making students and parents familiar with the page, it also encourages them to become familiar with navigating other pages within the classroom site.
